### School Council Announcement

On Friday 18<sup>th</sup> February, the last day of the half-term, the School Council have organised an own clothes day.

Children can come in to school wearing clothing of their choice. This can be:

- Normal, own clothes
- Football kit
- Pyjamas
- Fancy dress
- Uniform

The School Council are trying to fundraise to buy some equipment for the playground, to help children have an enjoyable and fun playtime. We are asking for a donation on the day (suggested donation £1).

There will be other fundraising activities on the day – look out for further details.

5H have been learning all about forces this morning with Science Students from Chester University.

## Aspirations, Visitors and Mental Health

*Doing everything in love, go and do likewise.*

*This week has seen the link with Chester University really coming back to fruition. During the COVID era over the past two years, visitors to school have been limited but this week was different, and it was great to see so many back in to school. Secondary Science Trainees, English as and Additional Language students and volunteers bringing wonderful learning experiences for many of the children.*

Year 5 and 6 had an amazing morning with 18 Chester University, working across the four classes, working scientifically to solve problems including in a crime scene and find ways to capture a monster! This was thoroughly enjoyed by all and a huge thank you to goes to the University of Chester for a lovely morning of investigations. Throughout the morning the Year 5 children investigated friction, air resistance as well as gravity whilst also having lots of fun. We were really proud of their enthusiasm and engagement.

We will be holding Aspirations Week next week, from Monday 14<sup>th</sup> February until Friday 18 February. In Aspirations Week, we invite people to talk to the children

### Celebration Certificate Recipients

1B – Jasmin Sadek  
1MO – Krish Shaji  
2SL – Ahmed-Asim Bakiler  
2MW – Adeola Adeyeni  
3S – Matthew Hill  
3G – Igor Wozniak and Isa Augustin  
4P – Divena Sivakumar  
4B – Isobelle Churchill  
5H – Nate Carter  
5LER – Sanchi Dwivedi  
6P – Nmesoma Ugwuoke  
6PWK – Alice Vernon

about their job/career. The idea is to teach them about a variety of jobs and what they entail. We hope to inspire the children to aspire to find a job they love in the future.

This week has also been Children's Mental Health Week in school, thinking about how we grow healthy minds. Children have thought about and discussed a variety of things that help them to make sure they grow positive thought but know where to go if they need support. A great week!
