

# YEAR 1

Year 1: Detail of content to be introduced (statutory requirement)	
<b>Word</b>	Regular <b>plural noun suffixes</b> –s or –es [for example, <i>dog, dogs; wish, wishes</i> ], including the effects of these suffixes on the meaning of the noun  <b>Suffixes</b> that can be added to <b>verbs</b> where no change is needed in the spelling of root words (e.g. <i>helping, helped, helper</i> )  How the <b>prefix un-</b> changes the meaning of <b>verbs</b> and <b>adjectives</b> [negation, for example, <i>unkind</i> , or <i>undoing: untie the boat</i> ]
<b>Sentence</b>	How <b>words</b> can combine to make <b>sentences</b> Joining <b>words</b> and joining <b>clauses</b> using <i>and</i>
<b>Text</b>	Sequencing <b>sentences</b> to form short narratives
<b>Punctuation</b>	Separation of <b>words</b> with spaces  Introduction to capital letters, full stops, question marks and exclamation marks to demarcate <b>sentences</b>  Capital letters for names and for the personal <b>pronoun I</b>
<b>Terminology for pupils</b>	letter, capital letter word, singular, plural sentence punctuation, full stop, question mark, exclamation mark

## Useful definitions:

adjective	<p>The surest way to identify adjectives is by the ways they can be used:</p> <ul style="list-style-type: none"> <li>before a noun, to make the noun's meaning more specific (i.e. to <u>modify</u> the noun), or</li> <li>after the verb <i>be</i>, as its <u>complement</u>.</li> </ul> <p>Adjectives cannot be modified by other adjectives. This distinguishes them from <u>nouns</u>, which can be.</p> <p>Adjectives are sometimes called 'describing words' because they pick out single characteristics such as size or colour. This is often true, but it doesn't help to distinguish adjectives from other word classes,</p>	<p><i>The pupils did some really <u>good</u> work.</i> [adjective used before a noun, to modify it]</p> <p><i>Their work was <u>good</u>.</i> [adjective used after the verb <i>be</i>, as its complement]</p> <p>Not adjectives:</p> <p><i>The lamp <u>glowed</u>.</i> [verb] <i>It was such a bright <u>red</u>!</i> [noun] <i>He spoke <u>loudly</u>.</i> [adverb] <i>It was a French <u>grammar</u> book.</i> [noun]</p>
-----------	--	--

<p><b>noun</b></p>	<p>The surest way to identify nouns is by the ways they can be used after <u>determiners</u> such as <i>the</i>: for example, most nouns will fit into the frame "The ___ matters/matter."</p> <p>Nouns are sometimes called 'naming words' because they name people, places and 'things'; this is often true, but it doesn't help to distinguish nouns from other <u>word classes</u>. For example, <u>prepositions</u> can name places and <u>verbs</u> can name 'things' such as actions.</p> <p>Nouns may be classified as <b>common</b> (e.g. <i>boy, day</i>) or <b>proper</b> (e.g. <i>Ivan, Wednesday</i>), and also as <b>countable</b> (e.g. <i>thing, boy</i>) or <b>non-countable</b> (e.g. <i>stuff, money</i>). These classes can be recognised by the determiners they combine with.</p>	<p><i>Our <u>dog</u> bit the <u>burglar</u> on his <u>behind</u>!</i></p> <p><i>My big <u>brother</u> did an amazing <u>jump</u> on his <u>skateboard</u>.</i></p> <p><i><u>Actions</u> speak louder than <u>words</u>.</i></p> <p>Not nouns:</p> <ul style="list-style-type: none"> <li>▪ <i>He's <u>behind</u> you!</i> [this names a place, but is a preposition, not a noun]</li> <li>▪ <i>She can <u>jump</u> so high!</i> [this names an action, but is a verb, not a noun]</li> </ul> <p>common, countable: <i>a <u>book</u>, <u>books</u>, two <u>chocolates</u>, one <u>day</u>, fewer <u>ideas</u></i></p> <p>common, non-countable: <i><u>money</u>, some <u>chocolate</u>, less <u>imagination</u></i></p> <p>proper, countable: <i><u>Marilyn</u>, <u>London</u>, <u>Wednesday</u></i></p>
--------------------	---	---

<p><b>verb</b></p>	<p>The surest way to identify verbs is by the ways they can be used: they can usually have a <u>tense</u>, either <u>present</u> or <u>past</u> (see also <u>future</u>).</p> <p>Verbs are sometimes called 'doing words' because many verbs name an action that someone does; while this can be a way of recognising verbs, it doesn't distinguish verbs from <u>nouns</u> (which can also name actions). Moreover many verbs name states or feelings rather than actions.</p> <p>Verbs can be classified in various ways: for example, as <u>auxiliary</u>, or <u>modal</u>; as <u>transitive</u> or <u>intransitive</u>; and as states or events.</p>	<p><i>He <u>lives</u> in Birmingham.</i> [present tense]</p> <p><i>The teacher <u>wrote</u> a song for the class.</i> [past tense]</p> <p><i>He <u>likes</u> chocolate.</i> [present tense; not an action]</p> <p><i>He <u>knew</u> my father.</i> [past tense; not an action]</p> <p>Not verbs:</p> <ul style="list-style-type: none"> <li>▪ <i>The <u>walk</u> to Halina's house will take an hour.</i> [noun]</li> <li>▪ <i>All that <u>surfing</u> makes Morwenna so sleepy!</i> [noun]</li> </ul>
